Get your **pressing questions answered by successful UW EE alumni who have gone** on to great careers at companies like Boeing, Intel, Microsoft, Google, Verizon, Philips Medical and Puget Sound Energy.

- How do I know which career track is the right one for me?
- Should I go to grad school or get a job after graduating?
- What are employers looking for in an interview besides my EE degree?
- What is it like to work for a big company vs. a midsize or start-up company?
- Want to meet alum who went to business, medical, or law school after getting a BS EE degree and hear about their experiences?

BENEFITS:

- Opportunity to network with high level executives
- Access to crucial advice on gaining the competitive edge you need to land your first job
- Insider news on internships
- No final exam, no midterm
- CR/NC (not graded)

"I heard many interesting thoughts and I learned a lot about the business environment. It was a great pleasure to come to class on Fridays."

"One of the most valuable courses I've taken here."

"Fascinating."

-Feedback from Former Students
